

Welcome!

Compliments for your purchase! This page attests the correct registration and working of the **topname** packet. We're sure you will right away appreciate the capabilities and the user friendliness of the new product acquired.

Topname features

These are main features of your new web site:

- registration of the domain name with you as registrant;
- DNS panel for the management of the domain name;
- 6 MB of courtesy web space for web and email;
- an e-mail address with unlimited alias, antispam and antivirus;
- file manager web FTP for transferring files from your own PC to the web space through the web browser.

User area

If you want to acquaint yourself immediately with all the functionalities available, log in the user area with the access data we sent you as a confirmation of the order. [Click here to have access to the User Area.](#)

E-mail

Check your emails via web and send messages to your friends using the webmail service included in the Tophost product. To have access, use the access data we sent you with the product activation letter. [Click here to enter the webmail.](#)

Domain name registration

The domain name registrant is always the customer. Tophost care for transparency. [Click here to verify the registration of www.onagency.it](#).
